Part # : 4071C

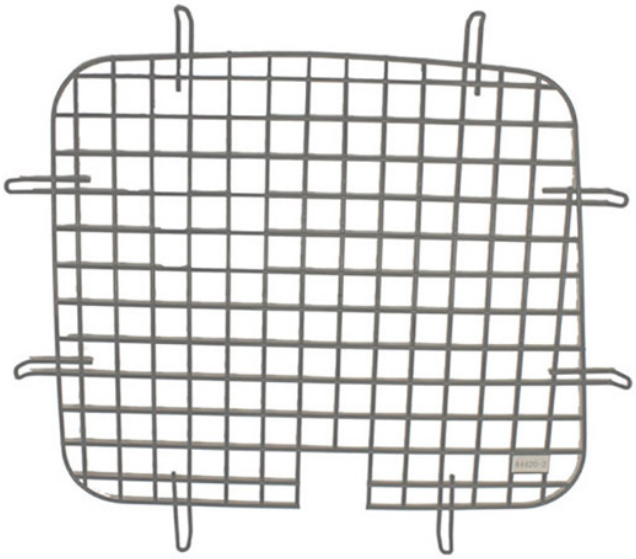

Image is approximation of actual screen.

Window Screen for Sliding Side Door - GM

Holman Van Window Screens are designed to fit sliding side-door windows for both GM commercial vans or for side door hinged . Security window screens add another layer of security to protect your valuable tools inside the van. Window screens are coated with a black powder coat finish. These window screens are easy to assemble and come with all the hardware needed to install them.

Features:

- Strong 7 gauge wire frame and grid
- Powder coated no-glare matte gray
- Steel construction
- Holman Warranty
- Models available for GM sliding side, hinged side, and hinged rear doors (see part# 4072C)

Vehicle Fit:

Chevy Express
GMC Savana

****Screens will only work on fixed windows, application will not work on windows that open from inside****
