

SHELF RISER KIT

Part # : 48401

Shelf Riser

Set of two risers to create more aisle space along the floor of a van. When all the shelves in a vehicle are using this kit it allows sheet goods to be stored on the floor of the cargo area that otherwise might not fit.

Features and Benefits:

- Creates a gap that is 6.25" wide and 4" high on the lower front part of the shelf, while increasing the height of the shelf by 4".
- Allows for 49.5" sheet goods to be stored on the floor of most vans.
- Sliding Vise Mount 40490 fits inside the gap created to move it out of the aisleway of the van.
