

## PROMASTER 159" WB FLOORING W/O MOUNTING TRACKS

---

**Part # : 40476PL**

### ProMaster 159" WB Flooring w/o Mounting Tracks

This flooring consists of 3-4 composite pieces connected by aluminum extrusion. 40476XX series floors do not have mounting tracks to allow for a flat cargo area. Shelves and accessories can be mounted by drilling through the floor and installing plus nuts into the OEM van floor. Installation of the rigid flooring allows for a flat smooth surface in the cargo area of the van.

**\*Threshold Required: 40477P\***
