

New name.

Same quality and design.

All Holman businesses are moving forward together under the singular “Holman” global brand, but the Kargo Master products you know and trust will remain the same.

One company, under one name, serving you better.

Build Some Shelf Respect

Flat-Out Awesome

Our folding shelves fold flatter than the competition's to maximize van interior space. Perfect for parcel delivery applications, they're lightweight and easy to install, and each shelf is rated to 150 lbs. Made out of aluminum, with uprights of powder-coat finished steel for extra rigidity.

All Within Reach

Holman's continuous investment in our facilities, and SAE & ASTM manufacturing processes, means you're installing the most dependable ladder racks in the industry.

DROP-DOWN LADDER RACKS

Get easy access to ladders with a simple pull of a handle.

CLAMP & LOCK LADDER RACKS

Easily lock and unlock ladders for quick get-up-and-go.

CARGO RACKS

Carry materials, ladders, and more. With a 1,000 lb. capacity, carry what you need when you need it.

Holman ladder racks accommodate all standard ladder types with little or no adjustment required. They have minimal moving parts for maintenance-free operation, and they install in half the time as the competition. They feature a low profile both when stored and during actuation. And the stepladder bracket add-on doesn't require an expensive third crossbow. Available in steel and HD aluminum.

VAN RACKS

Over the Top

Holman makes the strongest production racks available, with bigger, thicker round tubes and with extensive gusseting of the legs and crossbars. They also feature ergonomic drop-down handles to make it easier to step up to your truck. Year after year, job after job, you can rely on our racks to stand the test of time.

PRO II HEAVY DUTY

Constructed with 2" diameter x .083" thick high-tensile strength mechanical tubing, the Pro II rack is designed to carry heavy materials and cargo.

PRO III MEDIUM DUTY

Made with 1.625" diameter x .083" thick tubing, the Pro III is a lighter racking solution than the Pro II.

PRO IV HD ALUMINUM

With the Pro IV, light doesn't mean weak by any means. Fabricated with 2" diameter x .12" thick T-6 aircraft aluminum.

Make your truck racks perform just the way you want with Holman's wide range of rack accessories, from tie-down and ratchet straps to light mounts, extra crossbars, and more.
